

Full name: Ibragimov Talgat Saduakasovich	
Education:	
1987-1992	KazGU named after Al-Farabi, Alma-Ata RK, Faculty of Biology, Teacher of Biology and Chemistry;
2006	Professor. Candidate of Biological Sciences.
Work experience:	
<u>Academic:</u>	
<i>Work in this organization</i>	
2021-2022	Professor of the Chemistry and Biology Sector of Miras University
	Disciplines: Fundamentals of geobotany and biogeography, Systematics of higher plants, Biogeography, Evolution and systematics of flowering plants.
<i>Previous jobs in educational organizations:</i>	
2005-2016	South Kazakhstan Pedagogical University, Department of "Natural Sciences", teacher
2016-2021	South Kazakhstan Pedagogical University, Department of "Natural Sciences" senior lecturer
	Disciplines: Fundamentals of geobotany and biogeography, Systematics of higher plants, Biogeography, Evolution and systematics of flowering plants. Bioresources of Kazakhstan, Animal and plant breeding,
	Employment (full-time)
<u>Non - academic:</u>	
1992-2005	Kazakh Research Institute of Karakul Breeding, Senior Researcher
Professional development:	
	<ol style="list-style-type: none"> 1. Certificate Springer Link User Training 14.06.2017 2. certificate "Natural Sciences in Primary School" University of Barcelona, Spain .Shymkent from 26.03 to 29.03.2018 3. Certificate of participation for attending the 7 international scientific-practical journal «GLOBAL SCIENCE AND INNOVATIONS 2019 CENTRAL ASIA» 4. Certificate "Ecology and life safety" Scientific and Methodological Center "ZIAT" 28 September, 2019 5. Certificate № PK-2020/511 "New approaches in the study of biological (anatomy, botany, zoology, morphology, physiology, etc.) science, history of development, theory and methodology of teaching biology" LLP "Financial & Legal Solutions" Almaty, 050054 Magnetnaya str. 196,20.04.2020 72 hours Register No.:fourhundredfortytwo 6. Certificate No. 14 for the course "Biology and physiology of human and animal development" Center for innovative education " Shymkent, 2020, Abdrazakov STR. 6/1103.02.2020-14.02. 2020 G. 72 hours register-y no.: 20-065 7. Certificate No. 189 on the course "technologies of organizing distance learning" innovative educational center " Shymkent, 2020, Abdrazakov STR. 6/1105. 08-20. 08. 2020 72 hours register No.: 002-193 8. Certificate has participated in International Winter School, Kazakh National Agrarian Research University Almaty15-27 february, 2021 9. Certificate 011-do-014O "fundamentals of Geobotany and biogeography" 72 hours Astana gas station "center of educational technologies Expert Seven

	Start" 05.06-16.06.2020 G. 72 hours Registration No. 011-do-014O 10. Certificate 011-do-044O "biresurs of Kazakhstan" 72 hours Astana ODS "Center for educational technologies Expert Seven Start" 19.06-30.06.2020 G. 72 hours Registration No. 011-do-044o July 30, 2021
Awards and prizes:	
2017	Certificate of Honor of the President of the International University Silkway M.B. Yunusov;
2018	Letter of thanks from the Rector of M. Auezov SKSU;
2018	Letter of thanks to the Nur Otan Party;
2018	Certificate of Honor of the Ministry of Education and Science of the Republic of Kazakhstan;
2018	Winner of the nomination "Best Researcher of the Year"; Patent of the ASM RK standardization zhane certification "Izen NUR".
2019	Blog Letter of Thanks 1-International Encyclopedia of Scientists of the Commonwealth of Independent States - 2019, among the scientific and pedagogical community in the CIS and Europe, organized by the Association of Legal Entities in the form of the association "National Bobek Movement" Nur-Sultan, October, 2019
Activities in the service sector:	
	<p>Participation in research programs: I was to the scientific supervisors of the event: 1. «Mobilization, study, conservation and restoration of the gene pool of arid forage crops in the desert zone of southern Kazakhstan" According to the scientific and technical program: "Creation of new highly productive varieties of forage grasses adapted to different cultivation conditions, based on the use of genetic diversity and effective methods" Applied scientific research in the field of agriculture 2015-2017 (O. 0723)</p> <p>2. By event: "Mobilization, study, conservation of genetic resources of plants of non-traditional crops in the south of Kazakhstan" According to the scientific and technical program: "Collection and study of biodiversity of non-traditional crops and wild species - relatives of the cultural and natural flora of Kazakhstan in order to develop genetic resources of agricultural crops, conservation, restoration and use in breeding" Applied scientific research in the field of agriculture 2015-2017 (O. 0219)</p> <p>3. By event: "Creation of new highly productive varieties of arid forage crops adapted to the conditions of the South of Kazakhstan, based on the use of genetic diversity" According to the scientific and technical program: "Creation of new highly productive varieties of forage grasses adapted to various cultivation conditions based on the use of genetic diversity and effective methods" Applied scientific research in the field of agriculture 2015-2017 (O.0723)</p> <p>4. By event: "Development and improvement of techniques for improving low-productive pastures with the use of zero and minimal tillage and the creation of multi-season seed pastures in the south of Kazakhstan" According to the project: "Development of technologies for improving and rational use of pastures for the development of cattle breeding" According to the scientific and technical program: "Technology of intensive development of animal husbandry" Applied scientific research in the field of agriculture 2015-2017 (O. 0749)</p> <p>5. according to the project: Landscape studies of the South Kazakhstan region, drawing up an ecological and geographical map, determining natural reserves of plant raw materials, obtaining essential oil.</p>

	Life and health sciences. Fundamental and applied research in the field of biology. - Environmental problems. Assessment of the state and problems of conservation of biodiversity of flora and fauna of the Republic of Kazakhstan. Scientific foundations of rational use and reproduction of biological resources AP0513322838
Publications and presentations:
